E-Cool club are taking part in an exciting experiment. They have planted one set of seeds which went into space and one which didn't. They are experimenting to see if there is a difference in the growth of the seeds. The majority thought the seeds which went to space will grow the best.

*'They had no gravity in space so they won't have gravity on Earth. They will keep on growing!'* Charlie- Class 4. *'The ones from space will grow sideways!'* Aaron- Class 4
