It has been a fantastic month and the Breakfast Club and After School Club have been getting busier week by week! We have thoroughly enjoyed our new Thursday morning sport sessions with Mr O'Leary and the weather has been so kind to us, allowing lots of opportunities for outdoor activities such as nature trails, outdoor weaving, hide & seek, time trials, skipping, football and we have all learnt to play draughts outside! Browse the newsletter to find out more about the interesting activities we provide and any upcoming events.....
